6. PROBATION & PERFORMANCE-BASED PAYMENT

The probation period shall be six (6) months, unless the Offer Letter or a written Company decision specifies otherwise. During probation, continuation of employment and payment of performance-linked salary components shall be governed by actual performance, attendance, conduct, verified work output and the applicable post/project policy.

6.1 Aabha Card / Card-Target Performance Structure

Verified Monthly Card Performance	Payment / Salary Treatment During Probation
850 cards or more	100% of applicable salary/payment, subject to attendance and other applicable rules.
700-849 cards	75% of applicable salary/payment, subject to attendance and other applicable rules.
550-699 cards	50% of applicable salary/payment, subject to attendance and other applicable rules.
Below 550 cards	Payment may be calculated on a per-card basis according to the applicable project rate.

Important: The above performance structure is specifically included for the applicable card-target project. For other posts/projects, the Admin Panel can automatically display a different performance/payment policy configured for that post. The exact salary/payment terms remain subject to the Offer Letter, approved Company policy and applicable law.

6.2 No Automatic Right to Permanent Employment

- Completion of the six-month probation period does not by itself create an automatic right to permanent employment.
- After reviewing performance, attendance, conduct, discipline, target achievement, project requirements and overall suitability, the Company may decide whether to confirm, extend or discontinue employment, subject to applicable law and the employment terms.
- The employee shall not claim permanent employment solely on the basis of completion of the probation period.
- Where a salary/payment is performance-linked during probation, the employee cannot compel payment of a higher performance slab when the verified performance does not meet the relevant requirement, subject to applicable law.

7. SALARY, PAYROLL & DEDUCTIONS

1. Salary/payment shall be processed according to the applicable Offer Letter, payroll cycle, attendance records and approved Company/project policy.
2. Applicable statutory deductions, approved recoveries, advances, attendance adjustments and other lawful deductions may be applied where relevant.
3. The Company may verify attendance, work output, target records and supporting documentation before finalising performance-linked payment.
4. Any discrepancy in records should be reported promptly to the authorised Company representative for verification.

8. LEAVE, ABSENCE & UNAUTHORISED NON-ATTENDANCE

1. Leave must be requested and approved through the Company's prescribed process.
2. Unauthorised absence may affect attendance-based payment and may result in disciplinary action.
3. In field roles, absence from assigned work without prior approval or without a valid reason may be treated as a serious operational issue.

9. DISCIPLINARY ACTION & TERMINATION

1. The Company reserves the right to take appropriate disciplinary action for misconduct, negligence, fraud, insubordination, repeated indiscipline, serious attendance violations, falsification of records, misuse of Company property or other breach of applicable terms.
2. Where an employee engages in serious bad behaviour with the public, customers/beneficiaries or any fellow staff member, including abusive, threatening, violent, harassing or materially damaging conduct, the Company may take disciplinary action up to and including termination, subject to applicable law and due process requirements.
3. Termination or discontinuation during probation may be considered where performance, conduct, attendance, target achievement, project requirements or suitability are not satisfactory, in accordance with applicable law and the Offer Letter.
4. Final settlement, where applicable, may be subject to verification and return of Company property, outstanding dues, attendance, approved deductions and other lawful adjustments.

10. COMPANY POLICIES & RIGHT TO UPDATE OPERATIONAL RULES

1. The Company may issue reasonable operational instructions, project-specific procedures and administrative rules from time to time.
2. Post-wise duties, target structures and project-specific performance policies may differ by designation and project and may be configured by the authorised administrator in the Company's system.
3. Any material employment-term change shall be communicated and implemented in accordance with applicable law and the employee's contractual rights.
