TERMS & CONDITIONS OF EMPLOYMENT

Attachment to Offer / Joining Letter

IMPORTANT NOTICE: *This is a unified, reusable Terms & Conditions framework covering all operational roles. No individual employee name is pre-printed. When generated via the Admin Panel, the specific post/project terms, target structures, and approved structures configured for the respective role (Field Executive, Team Leader, District Coordinator, or Zonal Head) will automatically map and attach to the relevant Offer Letter package.*

1. GENERAL TERMS

1.1 This Terms & Conditions document forms an integral part of the Offer Letter / Joining Letter issued by SS Enterprises (the "Company").

1.2 The employee shall perform the duties associated with the post, project, and work location assigned by the Company and shall diligently follow reasonable instructions of the reporting authority.

1.3 The employee is strictly expected to maintain honesty, discipline, absolute punctuality, professional conduct, and proper communication while representing the Company.

1.4 All Company policies, project instructions, attendance procedures, payroll rules, and lawful administrative directions applicable to the employee shall be strictly adhered to.

2. POST / PROJECT SPECIFIC DUTIES

2.1 The precise duties and operational responsibilities applicable to the employee shall be determined by the designation and project selected in the Admin Panel. The applicable post-specific duties displayed with the Offer Letter package shall form a legally binding part of these terms.

3. ATTENDANCE, WORKING DISCIPLINE & REPORTING

3.1 The employee shall report for duty precisely at the time and place communicated by the Company or project supervisor.

3.2 Daily attendance, field reporting, work records, and other required reports must be completely accurate and submitted within the prescribed time frameworks.

3.3 Unauthorised absence, repeated late reporting, abandonment of assigned work, or falsification of operational records may result in immediate disciplinary action, subject to applicable law and Company policy.

3.4 Where field work is involved, the employee shall strictly follow the assigned route/area, reporting process, safety protocols, and project procedures.

4. PROFESSIONAL CONDUCT & BEHAVIOUR

4.1 **Strict Conduct Requirement:** The employee must behave respectfully and professionally with the general public, customers/beneficiaries, Company representatives, supervisors, and fellow staff members at all times.

SS ENTERPRISES CONFIDENTIAL

4.2 Any serious misconduct, abusive language, threatening behaviour, harassment, violence, intimidation, deliberate misbehaviour with the public or any fellow staff member, or conduct that materially harms the Company's reputation or operations may lead to immediate disciplinary action, including summary termination of employment, subject to applicable law and due process requirements.

5. CONFIDENTIALITY, DATA & COMPANY PROPERTY

5.1 Company records, customer/beneficiary information, employee data, project metrics, documents, passwords, login credentials, and internal instructions shall be treated as strictly confidential.

5.2 The employee shall not misuse, copy, disclose, sell, or share confidential information except as explicitly authorised for official, designated work.

5.3 Company property, devices, documents, ID cards, materials, and other assets entrusted to the employee must be securely safeguarded and returned immediately when required or upon separation.

6. PROBATION & ROLE-BASED PERFORMANCE-BASED PAYMENT

6.1 The probation period shall be six (6) months, unless the Offer Letter or a written Company decision specifies otherwise. During probation, continuation of employment and performance-linked payment shall be strictly governed by actual performance, attendance, conduct, verified work output, and the role-specific structures detailed below.

6.2 **AABHA CARD / CARD-TARGET DAILY & MONTHLY STRUCTURE (FIELD EXECUTIVE)**
The standard baseline workload for a **Field Executive** is defined as a fixed target of **50 cards per day**. Excluding 4 Sunday weekly holidays/offs, the standard operational month consists of **26 working days**, establishing a total standard monthly baseline target of **1,300 verified cards**. Verified Monthly Card Performance and corresponding Salary Treatment during probation are structured into slabs as configured below:

Verified Monthly Card Performance	Payment / Salary Treatment During Probation
850 cards or more	100% of applicable salary/payment, subject to attendance and other applicable rules.
700–849 cards	75% of applicable salary/payment, subject to attendance and other applicable rules.
550–699 cards	50% of applicable salary/payment, subject to attendance and other applicable rules.
Below 550 cards	Payment may be calculated strictly on a per-card basis according to the applicable project rate/policy configured by the Company.

6.3 **HIERARCHICAL MANAGEMENT PERFORMANCE STRUCTURES**
For leadership, administrative, and supervisory roles, performance and target metrics are unified and linked directly to collective team outputs, defined hierarchically as follows:

• **Team Leader (TL):** The performance, targets, and evaluation metrics for the Team Leader shall be calculated based on the cumulative work output, attendance, and target achievement of their entire assigned team of Field Executives.

• **District Coordinator (DC):** The performance, targets, and evaluation metrics for the District Coordinator shall be calculated based on the cumulative work output, targets, and operational metrics of all Team Leaders and their respective teams working under that District's jurisdiction.

• **Zonal Head (ZH):** The macro performance, target metrics, and evaluations for the Zonal Head shall be calculated based on the aggregate cumulative work output, targets, and deliverables of all District Coordinators, Team Leaders, and Field Executives operating across the entire assigned Zone.

6.4 NO AUTOMATIC RIGHT TO PERMANENT EMPLOYMENT

1. Completion of the six-month probation period does not by itself create an automatic right to permanent employment.

2. After reviewing performance, attendance, conduct, discipline, target achievement, project requirements, and overall suitability, the Company may decide whether to confirm, extend, or discontinue employment, subject to applicable law.

3. The employee shall not claim permanent employment solely on the basis of completion of the probation period.

4. Where payment is performance-linked during probation, the employee cannot compel payment of a higher performance slab when verified performance does not meet the relevant requirement.

7. SALARY, PAYROLL & DEDUCTIONS

7.1 Salary/payment shall be processed strictly according to the applicable Offer Letter, payroll cycle, attendance records, and approved Company/project policy.

7.2 Applicable statutory deductions, approved recoveries, advances, attendance adjustments, and other lawful deductions may be applied where relevant.

7.3 The Company reserves the right to fully verify attendance, work output, target records, and supporting documentation before finalising performance-linked payments.

8. LEAVE, ABSENCE & UNAUTHORISED NON-ATTENDANCE

8.1 Leave must be formally requested and approved through the Company's prescribed process or software application prior to taking leave.

8.2 Unauthorised absence directly impacts attendance-based payment metrics and will serve as a ground for immediate disciplinary action.

9. DISCIPLINARY ACTION, RESIGNATION & TERMINATION

9.1 The Company reserves the right to take appropriate disciplinary action for misconduct, negligence, fraud, insubordination, repeated indiscipline, serious attendance violations, falsification of records, misuse of Company property, or other breach of applicable terms.

9.2 Where an employee engages in serious bad behaviour with the public, customers/beneficiaries, or any fellow staff member, including abusive, threatening, violent, harassing, or materially damaging conduct, the Company may take immediate disciplinary action up to and including termination, subject to applicable law and due process.

9.3 **RESIGNATION NOTICE PERIOD POLICY:** If an employee wishes to resign from their services with the Company, they must formally submit a written resignation application at least **forty-five (45) days in advance**. The employee is strictly required to actively continue their duties, perform their daily assigned tasks, and maintain standard operational output during this entire notice period. The employee shall be entitled to receive their regular salary/payment for the specific days worked during this notice period, subject to final settlement rules. Unauthorised non-attendance or failure to work during the notice period shall be treated as abandonment of service and breach of contract.

SS ENTERPRISES CONFIDENTIAL

9.4 Termination or discontinuation during probation may be considered where performance, conduct, attendance, target achievement, project requirements, or suitability are not satisfactory, in accordance with applicable law.

9.5 Final settlement, where applicable, is strictly subject to full verification and return of all Company property, devices, documents, outstanding dues, attendance adjustments, approved deductions, and other lawful offsets.

10. COMPANY POLICIES & OPERATIONAL RULES

10.1 The Company may issue reasonable operational instructions, project-specific procedures, and administrative rules from time to time.

10.2 Post-wise duties, target structures, and project-specific performance policies may differ by designation and project and may be configured dynamically by the authorised administrator in the Company's system.

11. HEALTH, SAFETY & FIELD RESPONSIBILITY

11.1 Employees working in the field shall strictly follow reasonable safety instructions and shall not knowingly create avoidable risk to themselves, the public, customers, or colleagues.

11.2 Employees shall carry and display Company/project identification cards and required materials at all times in accordance with operational instructions.

12. EMPLOYEE ACKNOWLEDGEMENT

12.1 By signing below, the employee acknowledges that the Offer Letter and these unified Terms & Conditions have been provided for comprehensive review, that the employee has had an opportunity to fully understand the applicable conditions, and that the employee agrees to comply with the Company's lawful policies, project instructions, performance requirements, and professional standards.

13. APPLICABILITY OF LAW

13.1 Nothing in these Terms & Conditions is intended to waive or override any mandatory right or requirement under applicable law. Where any provision conflicts with a mandatory legal requirement, the applicable legal requirement shall prevail to the extent of that conflict.

SECTION 6 — PERFORMANCE-LINKED PAYMENT

Additional clarification: per-card rate calculation

For clarity, the indicative per-card rate may be calculated by dividing the applicable monthly salary amount by the approved monthly card target for the relevant role. This calculation is a rate reference only; actual payment remains subject to the Offer Letter, approved project policy, verified eligible cards, attendance, performance conditions and applicable law.

Formula

Indicative per-card rate = Applicable monthly salary / Approved monthly card target

Illustrative examples

Role	Monthly salary / target	Indicative rate
Field Executive	Rs. 20,000 / 1,300 cards	Rs. 15.38 per card
Team Leader	Rs. 25,000 / 8,500 cards	Rs. 2.94 per card

The figures above are examples for explanation and do not independently guarantee a fixed payment per card. The applicable salary, target and payment method must be confirmed in the employee's Offer Letter and the Company's approved project policy. Where a role is evaluated on team output, the approved team target and verified team performance shall apply.

Important

For Field Executives, the standard monthly baseline target in Clause 6.2 is 1,300 verified cards. For Team Leaders, the example target of 8,500 cards must be treated as the approved target only where specified for that role/project.
